

# JUST IN TIME FOR AWARDS SEASON...AN AGS PREMIERE!

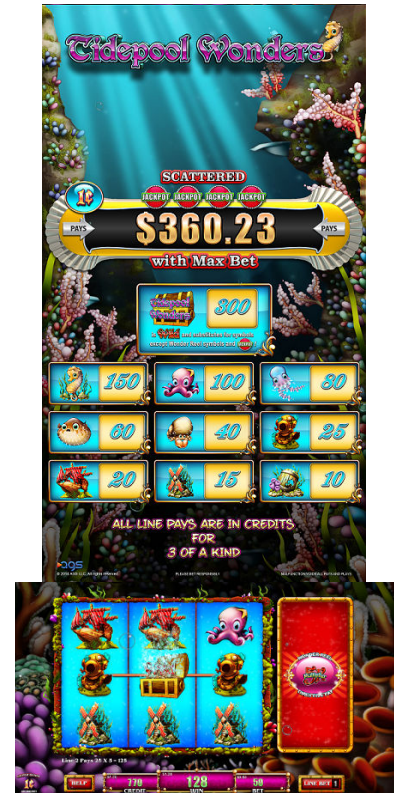

“It’s time for the *Family Feud*®!”

It’s time to celebrate the upcoming release of our latest title in the “It Pays to Know” series. The graphics and sound effects for this action-packed slot might trick you into thinking you’re actually on TV! You’ll recognize the show’s familiar Survey Says and Fast Money rounds (red X’s and all) and be star-struck by the enlarging reels in the Free Spins Bonus on the Skytower cabinet’s jumbo screen.

What better opportunity is there for some game show excitement in the development zone?

And it’s a double feature...Find out about all the intriguing mysteries awaiting players under the sea in Tidepool Wonders, the first game designed for the Skytower cabinet beyond the trivia realm. Enhanced by the all-new “Wonder Reel” and another set of enlarging reels, Tidepool Wonders offers players plenty of variety and a chance to win big!
